

University Hospitals Birmingham **NHS**
NHS Foundation Trust

**PROSTHETIC IMPLANT
COURSE
EDGBASTON CRICKET GROUND
BIRMINGHAM
March 20th 2020**

This course will be held in association with QEHB, Nobel Biocare and IMPT

The aim is to provide in depth knowledge as to placement of Extra Oral Implants for Facial Prosthetics and also Intra Oral Implants, Navigation techniques and will look at best practice for placement of Zygomaticus Implants. The course is targeted toward the surgical team at QEHB and open to all STP Reconstructive Science Students as well as MSc Students. All students must be in an accredited unit recognised by the NSHCS and IMPT.

The course will be sponsored by Nobel with lunch and refreshments included. Morning Session will be Presentations from experts in their field, with the view to the afternoon session being dedicated to 'Hands on' placement of Implants.

Reception in Chairman's Suite 09:00 with the day to finish at 16:00
